**MARKET RULES – International Pottery Market Graz**

The organizer is the association Verein Terra Mundi.

The pottery market only takes place if enough exhibitors register bindingly during the application period.

The market also only takes place if, at the beginning of June of the market year, the measures for a safe and promising event are foreseeable and feasible.

**Application**
Applications are made exclusively online via the registration portal on the pottery market website. You will also find the registration period there.

**Eligibility**
Ceramic artists from Austria and abroad are eligible to take part.
All work offered must be made in your own workshop. Industrial production, trade goods and mass-produced goods are not allowed.

**Jury selection**
Your participation only becomes binding once you have received your acceptance and paid the stand fee. If you want electricity, you pay the electricity flat rate at the same time. Payment must be made within 14 days of acceptance.

**Cancellation / Cancellation of the market**
You must send your withdrawal in writing to the organizer. In this case, the stand fee is not refunded.
If the organizer cancels the market by 1 June of the market year due to force majeure, unexpected crises or similar, the organizer keeps an administrative fee of €70. The organizer refunds the rest of the stand fee.
If the organizer cancels the market after 1 June of the market year for these reasons, the organizer keeps the stand fee.

**Setup, delivery and dismantling**
Setup is only possible on Friday from 5:00 a.m.
You may drive up to the market square to unload. Remove your vehicle immediately after unloading. By 10:00 a.m. at the latest, every vehicle must have left the market square.
During opening hours, no vehicle may be parked on or enter the market grounds.
Dismantling is only possible on Sunday from 6:00 p.m. to 10:00 p.m.
Clear any early dismantling with the organizer.

**Goods offered**
You sell only ceramics you made yourself. Trade goods and work by colleagues who have not been accepted are not allowed.
All ceramics must carry a price.

**Stand allocation**
The organizer alone allocates the stand spaces. The organizer takes the location requests from your application into account where possible. You cannot make them a condition of participation.
Your stand space is assigned on arrival. Set up your stand only there.

**Stand space**
Cardboard boxes and other packaging must not be visible at the stand.
You keep your stand clean. Dispose of waste in the containers provided or take it with you after the market. Bulky waste cannot be disposed of on site, so take it with you.
Remove packaging and the tape that marks your stand space on the ground.
Use tents and secure them against wind and storms with weights.
Fixing anything into the ground is prohibited. You may not drive carabiners into the ground. In case of violations, a fine is payable to the City of Graz (Magistrat Graz), to be paid by the person responsible.
The organizer does not rent out tents or huts.
If you need electricity, bring an extension cable of sufficient length yourself. You pay the flat rate for electricity according to the registration conditions.

**Fire service access**
Always keep fire service access routes clear.

**Security**
A security company watches over the market at night from Friday to Saturday and from Saturday to Sunday.
Despite this, the organizer is not liable for property damage or theft. You secure your stand and goods yourself, for example by setting up in a wind-proof way and covering your stand. This is your own responsibility.

**Exclusion of liability / liability for damages**
Participants bear their own risk. They are fully liable for all personal injury and property damage caused by their fault. The organizer is generally not liable.

The organizer will send changes by email to participants in good time.
